Data Analyst | HR Analyst | MIS Analyst

PROFESSIONAL SUMMARY

Data-driven MBA candidate (HRM & ITM) specializing in transforming complex HR and business datasets into strategic, decision-ready insights. Proficient in SQL, Python, Power BI, Advanced Excel, and VBA, with strong grounding in MIS reporting, workforce analytics, and process automation. Executed 5+ end-to-end analytics projects, each processing 30,000+ records - cleaning, modeling, and visualizing data into interactive dashboards that informed leadership decisions. Reduced manual reporting time by 30% through automated HR dashboard development. Recognized for converting ambiguous data problems into clear, actionable narratives for cross-functional stakeholders. Seeking to apply this blend of analytical rigor, automation mindset, and HR domain expertise in a Data Analyst, HR Analyst, or MIS Reporting role.

TECHNICAL SKILLS

Languages & Tools: Python (Matplotlib, Pandas, NumPy), Power BI (DAX, Power Query), Advanced Excel (Pivot Tables, VLOOKUP, HLOOKUP, XLOOKUP, INDEX-MATCH, Macros, VBA, Data Validation, What-If Analysis), Canva

Database Management: SQL(MySQL), Joins, Subqueries, CTEs, Window Functions, Aggregate Functions, Data Modeling, ETL

MIS & Reporting: MIS Reporting, Report Automation, Data Consolidation, Variance Analysis, Trend Analysis, TAT & SLA Tracking, Process Automation, Report Publishing

Analytics & BI: Business Analytics, Data Analysis, Statistical Analysis, EDA, Root Cause Analysis, Data Cleaning, Data Visualization, Dashboard Development, Data Storytelling, KPI Reporting

HR Analytics: Workforce Analytics, People Analytics, Attrition Analysis, HRIS, ATS Management, Performance Management

Soft Skills: Analytical Thinking, Critical Thinking, Problem Solving, Attention to Detail, Cross-functional Collaboration, Stakeholder Management, Time Management, Communication

EXPERIENCE

RHI Magnesita

June 2026 – July 2026

Human Resources Intern

On-site

- Optimized HR data management for 2,000+ employee and contractor master records, improving documentation accuracy and supporting key HR functions including Recruitment, Onboarding, Personnel Administration, Industrial Relations, Attendance, and Payroll. Delivered Excel-based analyses, Training & Development, and data-driven HR decision-making.
- Upskilled 176 executives as trainer for an Advanced Microsoft Excel programme covering Pivot Tables, VLOOKUP/XLOOKUP, and Macros, improving reporting accuracy, data analysis, and operational productivity across teams.

Artify Technologies

Jan 2026 – Mar 2026

Human Resources Intern

Remote

- Analyzed employee performance datasets across 100+ records to surface workforce trends, informing HR strategy and reducing manual MIS reporting time by an estimated 30%.
- Implemented automated HR dashboards to visualize key workforce metrics including attrition rates, headcount, and engagement scores, standardizing monthly MIS reports for leadership review.

PROJECTS

HR Analytics Dashboard – Employee Attrition Insights | Power BI, Excel, DAX | [View Project](#)

- Engineered an interactive Power BI dashboard using DAX KPI cards and slicers to analyze attrition patterns across 5+ departments, age groups, job roles, and satisfaction levels, transforming raw HR data into actionable workforce insights through data cleaning and automated KPI reporting.
- Identified highest attrition (26-35 age group and R&D/Sales departments) via workforce analytics and employee attrition analysis; findings directly enabled data-driven retention strategies, reducing employee turnover risk.

Revenue Intelligence & Profitability Analysis | SQL(MySQL), Power BI, Excel, DAX | [View Project](#)

- Designed a centralized MIS-style BI dashboard by connecting a relational SQL database (primary/foreign keys) to Power BI, consolidating revenue vs. budget, product performance, and regional sales trends into a single reporting view.
- Identified Wholesale as the highest revenue channel and flagged underperforming regions through variance analysis, enabling data-driven budget reallocation.

EDUCATION

Biju Patnaik University of Technology (BPUT)

2025 – 2027

MBA – Human Resource Management & Information Technology Management

Rourkela, Odisha

CERTIFICATIONS & COURSES

Google Data Analytics- Coursera | Deloitte Data Analytics- Forage | Tata Data Visualization- Forage | Data Analytics- IIM Skills

ACHIEVEMENTS & LEADERSHIP

- National Cadet Corps (NCC):** Earned A, B & C Certificates; selected for the national-level Thal Sainik Camp (TSC), New Delhi - demonstrating leadership and strategic thinking.
- Won Idea Pitching Competition with a data-informed business concept; cleared multiple Business Quiz competitions demonstrating critical thinking and analytical reasoning.
